**YEM – Official Announcement
28th December 2020**

Dear YEM Holders,

The continuation of the acceptance of crypto currencies and the overall huge increase in their value and appreciation shows that they are perceived as real values.

YEM, with its different functions is well appreciated. And it is especially attractive for business owners as a means of payment because of its regulations by the non-profit regulatory authority.

Apart from the Private Transactions, we have seen Public Transactions in the Exchange. Also, usability and acceptance have increased in many ways.

The YEM Foundation decided to increase the price range for YEM by \$0.2000. The new Trading Range is now from \$2.2500 to \$2.4500 with the first trade starting at **\$2.4300** at YEM EXCHANGE.

YEM started the year 2020 with a few US Cents and is now very well over \$2. Considering a stable coin, this is indeed a very commendable achievement. The whole journey would not have been possible without you. YEM Foundation thanks all YEM Owners and wish you a very happy and successful New Year 2021 in advance.
